

HOW TO ADD A REFERENCE BAND

STEP 1: Assume that we have a Bar Chart view of **Sales Vs YEAR(Order Date) & Region**

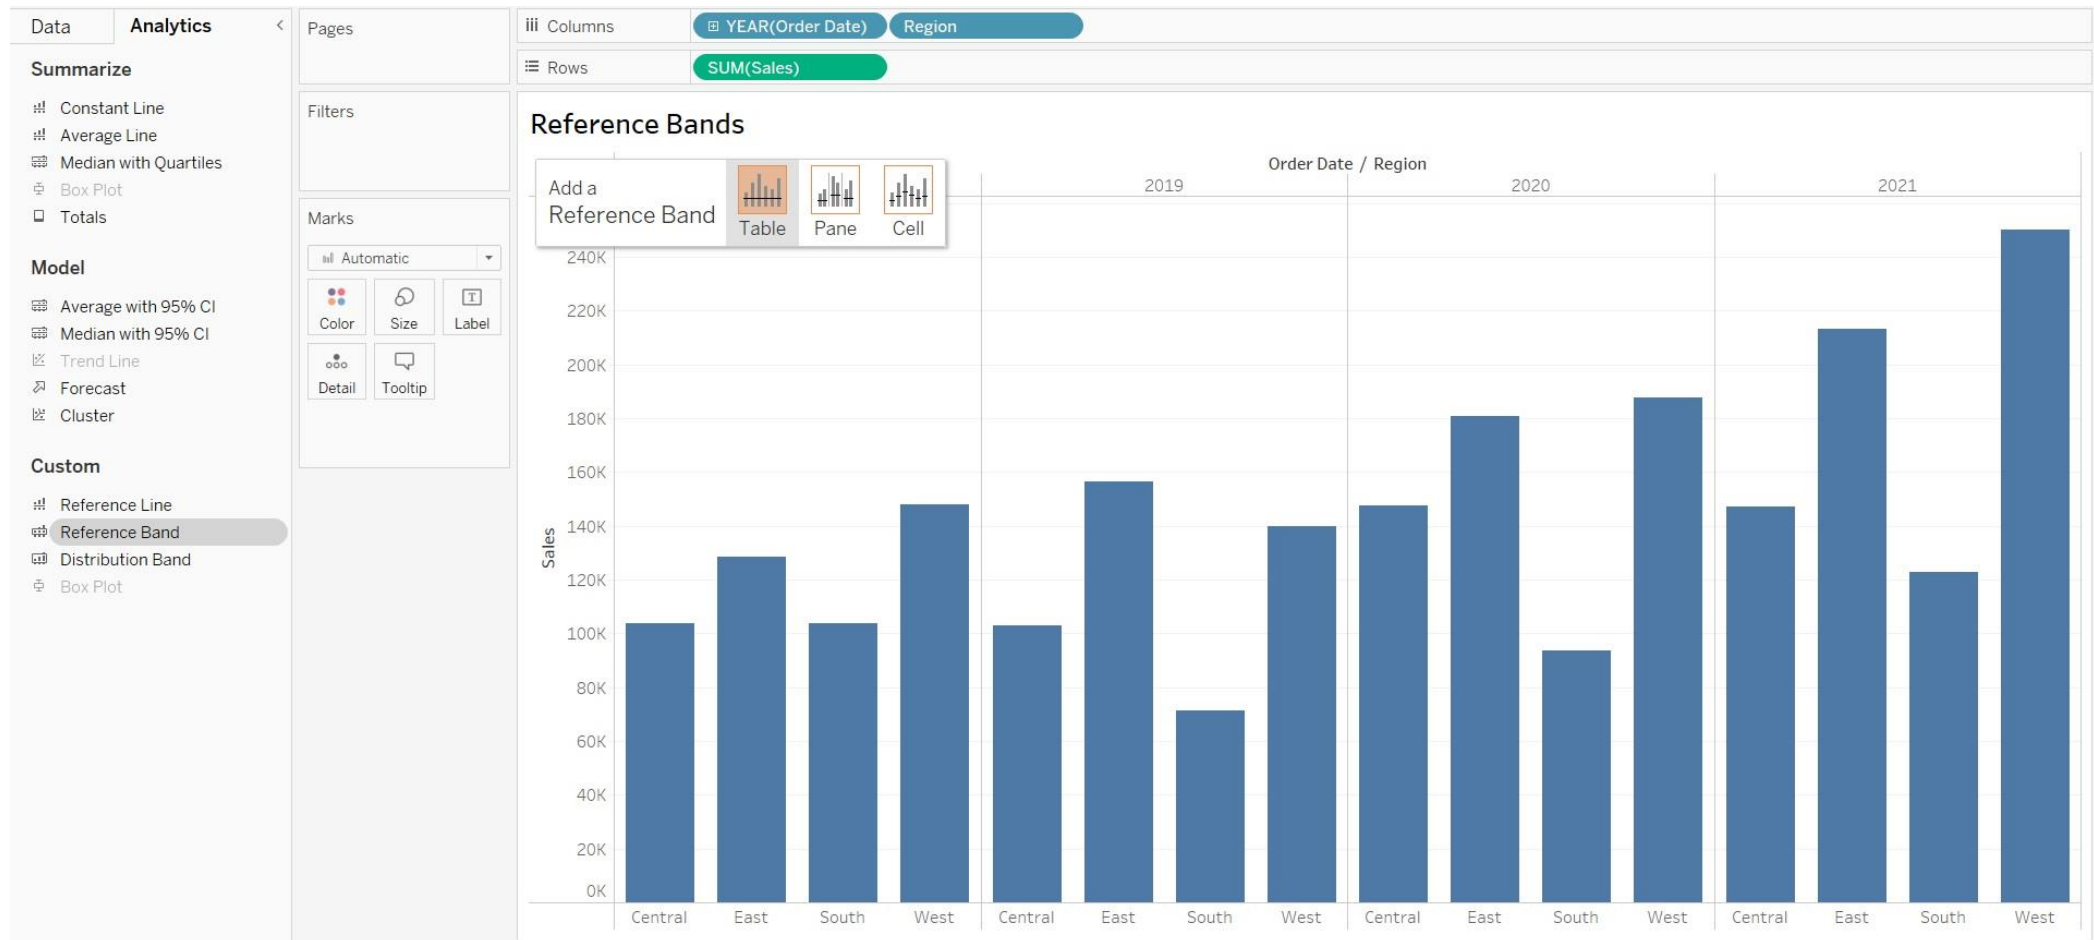

HOW TO ADD A REFERENCE BAND

STEP 2: Drag **Reference Band** from the **Analytics** pane into the view.

In a simple case, the drop target area offers three options:

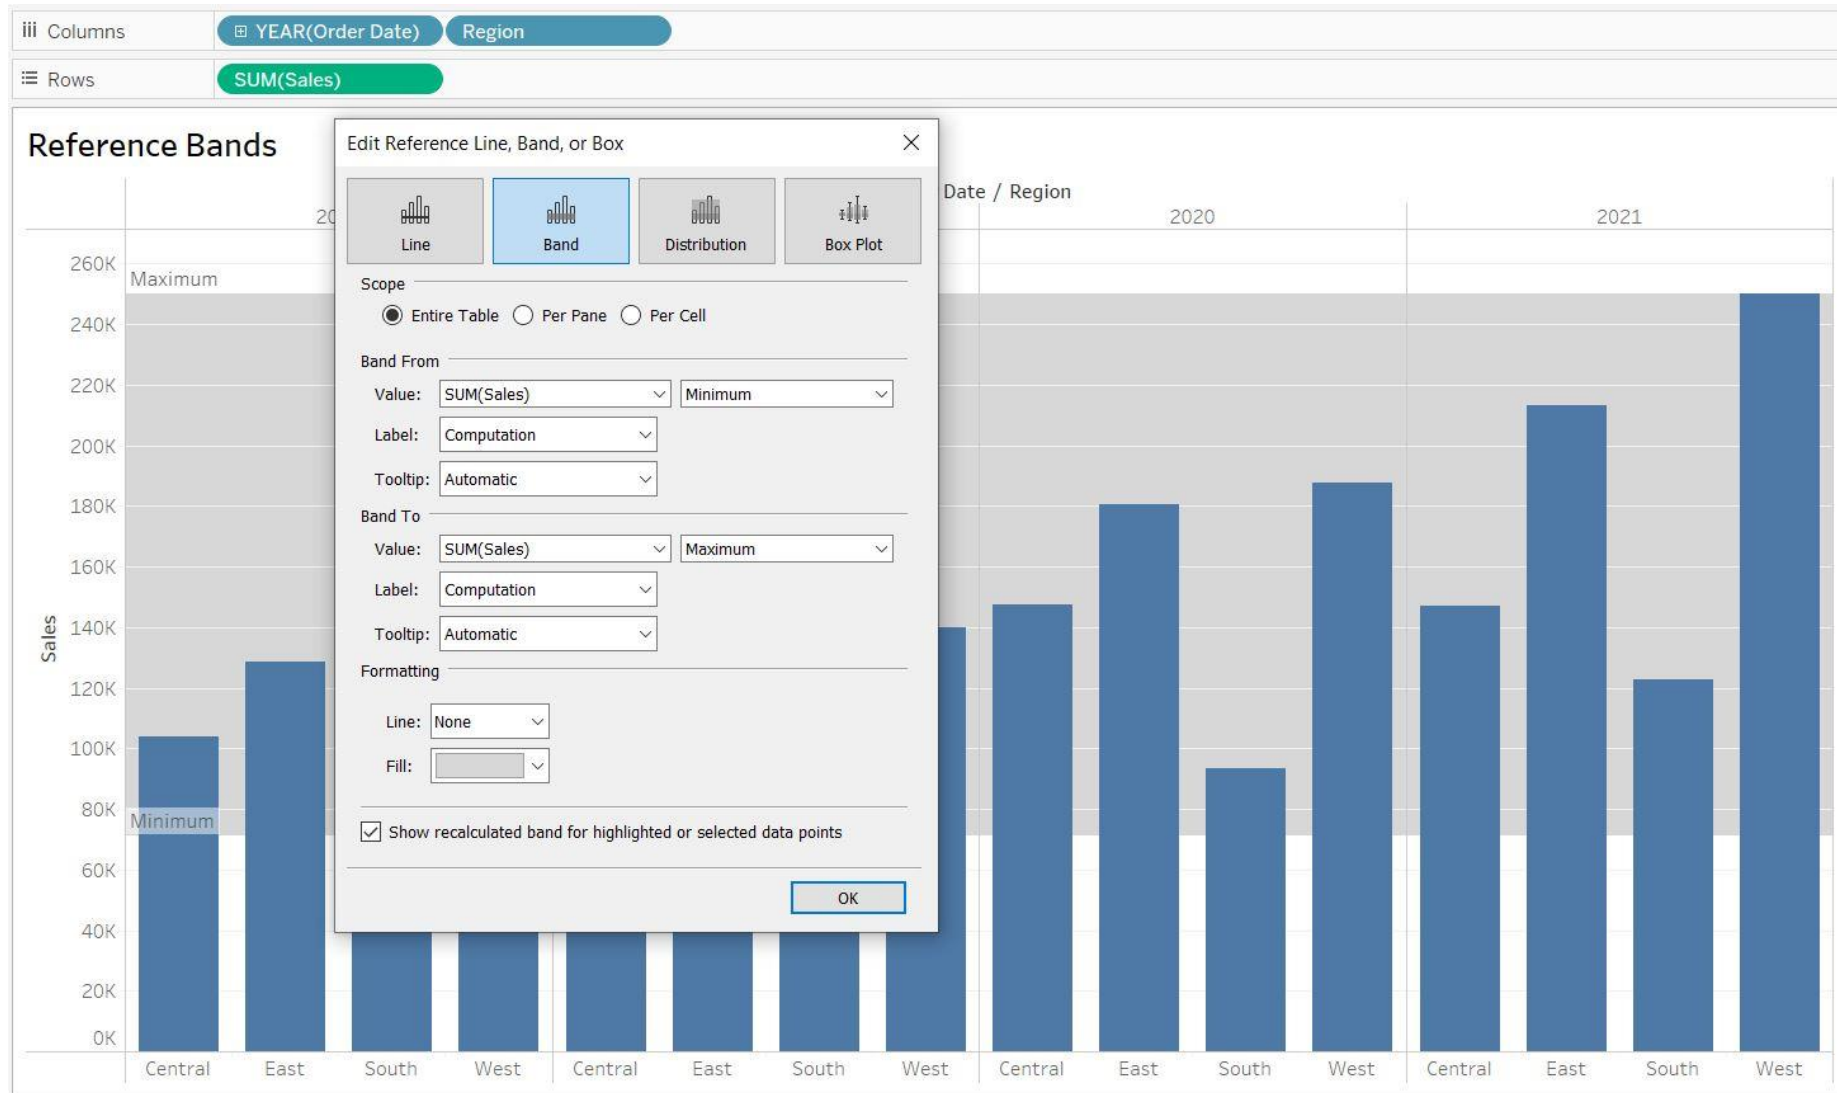

Table, Pane and Cell

For this example, we will drop it to **Table**

HOW TO ADD A REFERENCE BAND

STEP 3: Edit Reference Line, Band, or Box dialog box will appear
Ensure that **Scope** option selected as **Entire Table**

HOW TO ADD A REFERENCE BAND
