ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY

There are many additional options in discrete filters that we may miss will working on them.

Let us go through a few important options.

Show "All" Value:
This option toggles whether to show the "All" option in the filter

Show All Values Button:
This button toggles whether to display the Show All Values button on the filter card.

Show Apply Button:
This button toggles whether to show the Apply button at the bottom of the filter.
When it is shown, any changes to the filter are only applied after we click the Apply button.
This option is only available in multiple values lists and dropdowns.

ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY

SHOW "ALL" VALUE

STEP 1: Let us start with the below mentioned Symbol Map View that is
filtered on **Sub-Category**
By default, the **(All)** is one of the options under the **Sub-Category** filter

ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY

SHOW "ALL" VALUE

STEP 2: Let us de-select few members of **Sub-Category**
e.g: Binders, Copiers, Machines and Phones
Now the map view is filtered based on the selection

SHOW "ALL" VALUE

**STEP 4:** If required the Show "All" Value option can be de-selected
Customize > **Show "All" Value**

ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY

SHOW ALL VALUES BUTTON

STEP 1: Let us de-select few members of **Sub-Category**
e.g: Binders, Copiers, Machines and Phones
Select the **Click to Show All Values** button

ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY
SHOW ALL VALUES BUTTON

STEP 2: Now all members are selected, and the view is reverted to
the original un-filtered state
The icon now reads **Showing All Values**

# ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY SHOW APPLY BUTTON

STEP 1: By default, whenever we change the options in the filter the view is automatically updated

ADDITIONAL OPTIONS IN DISCRETE FILTERS - SHOW ALL AND SHOW APPLY SHOW APPLY BUTTON

STEP 2: We might have a requirement to first complete the selection or de-selection of the options and then update the view
In this case we need to select the **Show Apply Button** under **Customize**
Customize > **Show Apply Button**
